

THIS STORY belongs to a prominent lay churchman of Hope, Ark. It is as he would promptly disown it as he would promptly disown the story and me I shall have him nameless.

Three young student preachers are holding a private session one night in the theological seminary territory, reciting to each other several sins.

Said the first one: "I've no business being a preacher. All my life I've craved money, but never any. I'm getting from my student preaching \$500 a year, and order to live I find I'm taking \$4 out of the collection plate every Sunday. I ought to quit being a preacher."

Said the second one: "Well, my life is worse than that. I've always been fond of the girls, and every Sunday as I look out over the congregation I find I'm thinking more about them than the sermon. I ought to quit being a preacher."

The third young preacher got up and started to leave. "Boys," he said, "I, too, will have to confess. All my life I've been a terrible gossip—and I just can't wait to get out of this room!"

Among the unusual adventures in household life is that day in spring when he makes the first trip over the back yard with the lawn-mower.

Now there are those who hold that the best job of grass-cutting is done by hand, but personally I take power. Either system has its drawbacks, however. The hand-mower dreads patches of tough grass. The man with a gasoline engine risks hitting almost anything hidden in the weeds—that first trip of the new season.

What happens to a yard during the winter? You leave it flat at the last fall mowing—and come back in the spring to find it full of new curves and fresh holes. It was a lawn last fall. But this spring it is a treacherous expanse of outcropping bits of concrete, horse-shoes and bricks. It's as though the earth turned upside down and shook all its fossils skyward.

That's what winter does. You blast across the grass on the season's first run, make the world level once more, and collapse with a cold, dring, exhausted.

And that's what spring does. This is the fifth spring I've been an interested observer in the domestic goings-on of the animal kingdom.

My yard is the home of a pair of mocking-birds. Each spring they build a nest somewhere in the uncut hedge high above the fence—and leave the dog.

Each spring the drama has a new act. A year ago the season opened like this: I came through the garage side-door and interrupted a study in still life. The mocking-bird papa was in the bush talking to the dog—and the dog was seated in the middle of the yard with an intent and listening look.

This year the dog sat down near the bush. Nothing happened. So he barked. So something happened right away and all at once. The mocking-bird came out of the bush with jet-propulsion, practically booted off the dog's back—and soared away into the blue.

I think I'll stick around and see what they dream up for the curtain-raiser in 1952.

### Funeral for Hope Woman Today

## Federal Aid for Hospital Not Yet Available

The Chamber of Commerce Committee on the Hempstead County Hospital has this report to make: It will be recalled that Hempstead County voted the bond issue necessary to secure Federal Aid to build an 80 bed hospital. The Federal Funds were to be forthcoming in the amount of 66 2-3 per cent.

Albert Graves and Mike Kelly made a trip to Little Rock to confer with Mr. Moody Moore and Bruce Anderson to determine the status of the Hempstead County Hospital.

Moody Moore, whose office handles the distribution of Federal funds for hospital construction in Arkansas, advised Mr. Graves and Mr. Kelly that due to a cut in the appropriation and due to plans already approved, his department was operating on deficient finances.

He further advised that it is the hope of his department that the Congress in its present session will see fit to make up the 1950 deficit and put Arkansas allotment back where it was before the cut was made.

This, or any action on this matter will probably transpire between now and July 1st, the end of the fiscal year of the Government. If this does not then it is very likely that Hempstead County's money would be available by 1951-52.

If this is not done then there isn't any Federal Aid available for several years.

This report was made to the full Hospital committee of the Chamber of Commerce by Mr. Mike Kelly. Those attending this meeting were Charles Armistead, W. W. White, Franklin McLarty and Ben Owen.

It was the opinion of this committee that the Chamber and the County wait until Congress does or does not act on the Hospital bill with the appropriation attached before any further action be taken on the matter. However, there are discussions on possibilities of what Hempstead County could do in case it looks like Federal Aid isn't forthcoming to complete this project.

The Hospital Committee of the Chamber of Commerce wants Hempstead Citizens to know that they have and will continue to work on this project until it is complete.

## Mrs. Martindale Well-Qualified to Head Auxiliary

Mrs. J. G. Martindale of Hope, installed officially Tuesday as president of the State Medical Auxiliary at a luncheon in Little Rock, is perhaps one of the most qualified women for the presidency in the entire state.

She is not only active in the medical auxiliary but is a leader in community and school affairs. Mrs. Martindale is a past leader of the WSCS and is a charter member of that organization, has served as president of the Junior and Senior High School Parent Teacher Association, Regent of the John Cain Chapter D.A.R., roll call chairman of the American Red Cross for Hempstead County and has served as vice-chairman of the Hempstead Democratic Central Committee for a number of years.

In medical auxiliary activities she has served as president of the woman's auxiliary to the Hempstead Medical Society, president of the woman's auxiliary of the Tri-County Medical Society, and in the state organization she served as council woman for the 6th District, 3rd vice-president of the Arkansas Medical Auxiliary, state chairman for Today's Health and state chairman of Membership.

At the convention Tuesday Mrs. Judd Martindale of Hope was elected corresponding secretary of the state auxiliary.

It is believed that about 30,000, 000 American families cook on gas stoves.

## Construction in City During Past Year Totals \$567,500, Representing an Increase

Building permits issued during the past year, April 1, 1950 to April 1, 1951, total \$567,500 as compared to \$506,166 for the previous year.

This figure does not include school construction. The new building and repair at Yerger School and the new Junior High School for whites will total about \$200,000 added with permits issued makes \$567,500 total for the past year.

During the 1949-50 period the largest single construction was the new \$175,000 First Baptist Church.

## Extension of War in Korea Is Strictly Up to Russia, Truman Tells Newsmen

Washington, April 26 — (AP) — President Truman said today it is up to Russia whether the war in Korea spreads.

He told a news conference the nation April 11.

Mr. Truman said, too, that he is very well satisfied with Secretary of State Acheson.

Mr. Truman's April 1 speech was the one in which he gave the reasons why he said he felt impelled to remove Gen. Douglas MacArthur from his Far Eastern commands.

The President said then that MacArthur wanted to spread the war beyond Korea, but that the Truman administration policy is to seek to confine it there and avoid a great war.

In a speech prepared for senate delivery, Fulbright said policies advocated by Gen. Douglas MacArthur, including the proposal to bomb bases in Red China, might bring "a moment of interlarded glory" but "set strongly against us nearly the whole of the free world."

Fulbright gave the President credit for past decisive action "that equal in imagination, courage and effectiveness any ever taken by an American President."

"Mr. Truman remains the President," he declared "and in these troubled times I submit that it is necessary for us to keep it in perspective."

He said he was not — that he had a secretary of state and was well satisfied with him.

The question was prompted by published reports that Mr. Truman was sounding out Hoffman on taking the cabinet post.

## Rose Festival Group to Visit Here Saturday

The Greater Little Rock Rose Festival Goodwill Caravan will visit Hope on Saturday, April 28. Beautiful 1951 Rose Festival princess Geraldine Hester will head a delegation of about 40 people.

This special goodwill bus is scheduled to arrive by police escort in Hope at 9 a. m. The princess will bring many gifts (products that are manufactured in Greater Little Rock) as tokens of friendship and goodwill. She will appear in a special ceremony at the corner of Second and Main streets. She will make Mayor Lyle Brown an honorary chairman of the 1951 Rose Festival.

Presenting gifts from Hope to her and the other members of the goodwill caravan will be Mayor Brown, Mike Kelly, president of the Chamber of Commerce; Mrs. B. L. Rettig, president of the Hope Federation of Garden Clubs and Bob Shivers, manager of the Third District Livestock Show.

The public is cordially invited to attend the ceremony of the goodwill stop here in Hope.

## District WSCS Officers Are Installed

The second annual conference of the Hope district of the Woman's Society of Christian Service was held at the First Methodist church in Texarkana Tuesday. Mrs. O. B. Poland, president of the conference presided.

Following a devotional by Mrs. Raymond Luter and a report of the jurisdictional conference by Mrs. C. I. Parsons, Mrs. Earle Cotton of Little Rock brought a report of the Little White House Conference held in Little Rock on February 23. She asked that similar conferences on youth and family relationships be held in county councils in May.

In the afternoon, opened with a devotional by Mrs. C. H. Farmer, Mrs. E. D. Galloway of Hope brought a message entitled "Advancement—My Concern," in which she reviewed the goals and accomplishments of the Woman's Society of Christian Service in the past three years.

The meeting closed with the installation of officers. Luncheon was served to more than 100 guests.

The following officers were installed: President, Mrs. L. B. Tooley of Hope; vice-president, Mrs. J. N. Johnson of Emmet; recording secretary, Mrs. Claude Clark of Ashdown; treasurer, Mrs. R. T. White of Hope; secretary of promotion, Mrs. Earl Miller of Texarkana; secretary of missionary education, Mrs. John Rush of Dierks; secretary of Christian social relations, Mrs. J. C. Jlin of Texarkana; spiritual life secretary, Mrs. Gus Orr of Texarkana; secretary of children's work, Mrs. Charles Hervey of Texarkana; secretary of supplies, Mrs. T. Stevens of Blewins; secretary of status of women, Mrs. W. R. Shackelford of Texarkana.

## Annual Flower Show Attracts Over 600 Persons

The annual flower show held in the basement of the First Methodist Church yesterday was the most successful ever held here, attracting some 600 persons from all over this section.

The church basement had its most colorful day. Flowers and more flowers of every variety were on display. All displays were artistically arranged.

Winner in the various divisions will be announced tomorrow. The show is annually sponsored by the Federation of local garden clubs.

## Czech Reds Admit Jailing AP Writer

Frankfurt, Germany, April 26 — (AP) — Communist Czechoslovakia announced today it has arrested Associated Press Correspondent William N. Oatis and hinted he would be tried for "activities hostile to the state."

Oatis, chief of the AP's Prague bureau, vanished Monday — the fifth employee of the AP Prague bureau to disappear in three weeks. Government statements seemed to indicate the other employees, all Czech nationals, would be presented in the role of witnesses against Oatis.

The correspondent, who had complained to the U.S. embassy that he was being shadowed 24 hours a day, apparently was pounced upon by secret police Monday night as he put his car in his garage.

For more than 48 hours there was no word of him. The U. S. embassy, suspecting he was arrested, demanded information from the Czech foreign ministry. Today U.S. Embassy Counselor Tyler Thompson said the foreign ministry told him Oatis was arrested on three charges:

1. Activities hostile to the state. 2. Gathering and disseminating information considered secret by Czechoslovakia. 3. Spreading malicious information regarding the Czech state through illegal news organs, for Continued on Page Two

## Hope Band to Take Part in Spa Festival

The Hope High School and Junior High bands will journey to Hot Springs Saturday, April 28th to participate in the largest band festival ever held in Arkansas.

Personnel of the two bands include 115 band members, several chaperones and the director, G. F. Cannon, will leave early Saturday morning aboard three commercial buses accompanied by cars, returning to Hope late that night.

Sixty bands from all over the state will participate in this annual event, sponsored by the Arkansas School Band and Orchestra Association. Although each band is given 25 minutes on stage, the entire festival will be run this year in one day, due to the fact that bands play in four different school auditoriums simultaneously.

The Hope Junior High Band plays in the Jones elementary school at 10:30 a. m., the High School Band at Oaklawn school at 2:45 p. m. and both bands will march that night in the marching events at Rix stadium.

For the senior band, their numbers include a concert march "American Legion Forever" by Morton Koray; "Prayer and Dream Pantomime" from Humperdinck's opera "Hansel and Gretel"; and the overture "Builders of Youth" by Charles O'Neill. The Junior band will play Weber's "Great Century" march; "Citation" overture by Frankliger; and "Medallion" overture by Johnson.

## Hope Man Named District VFW Quartermaster

District 10 of the Veterans of Foreign Wars elected officers for the coming year at a meeting held last night at the local VFW Hut.

Dr. Charles Weber, of Magnolia was elected district commander. Other officers include J. Dalton Brown, Lewisville, Sr. vice-commander; Otis White, Prescott, Jr. vice-commander; Lagrone Williams, Hope, quartermaster.

Commander of the department of Arkansas VFW, Maurice Nichols of Monticello was an honored guest. John A. Harper, quartermaster adjacent of the department of Arkansas VFW was also present.

Commander Nichols installed the new officers. The district ratified the Newsletter which is being sent to men in service from the local areas of the VFW.

It was announced that District 10 is still leading the state of Arkansas in membership by 200 per cent over the 1947-48 year. Approximately 10,000 members are in the district.

## Allies Abandon Line Above 38th; Fight Only 20 Miles From Seoul

MOODY TO BE SWORN IN AS SENATOR — Blair Moody, former correspondent for the Detroit News who was named to fill the unexpired term of the late Sen. Arthur Vandenberg, leaves his home for the Capitol in Washington where he is to be sworn in. With him are Mrs. Moody and two of their three children, Charles, 8, and Robert, 4. (NEA Telephoto)

Tokyo, April 26 — (AP) — All troops, today, abandoned their foothold north of the 38th parallel in western Korea.

They were "fighting a major delaying action" against 600,000 Chinese pressing toward Seoul. The Reds were 30 miles north of the South Korean capital.

Munson fell to Chinese attack down a main highway from the northwest. The town, 21 miles from the war-battered capital, was the site of an American paratroop landing last month.

Fifteen miles to the east, Red masses surged across 38th parallel, the Yonchon-Ullungbu road, leading south of Changdo, four miles from the border and 18 miles north of Ullungbu.

Chinese tried to knife down an undefended strip between the highway and Munson. Heavy artillery fire ripped into them throughout Thursday.

The U. N. withdrawal toward Ullungbu yielded about 30 miles of the 48th parallel, the main line of the war, and of the Kaesong, built in the center of the 100 mile front.

Slow withdrawal was made in the bulge about 30 miles north of Seoul. One U. N. unit, cut off, was ordered to fall back to a new defensive line.

A slow withdrawal also was made to the northeast in the Yangju salient. This sector, Red Korea had held steadily in the Communist spring drive, opened up Sunday night. Yangju on the eastern end of the 38th parallel was still in Allied hands.

Most withdrawal was made in the daylight. After Allies had had daylight, they pulled back in the night. They pulled back in the night. They pulled back in the night.

Other divisions, including Turkish, Belgian and American, had held their line. Red losses were estimated to 20,000 in the last 24 hours. Continued on Page Two

## New York Reporters Learned This Week That Nobody Really Fades Away as Mac Suggested

By SAUL PITT For Hal Boyle

New York — (AP) — New York reporters learned this week that nobody can really "fade away" like an old soldier named Douglas MacArthur.

For five days, the general faded away from all physical contact with press or public. In that time he continued to make the front pages every day, but no newsmen saw or talked to him from last Friday and his official reception here until he left today for Chicago, the press corps got nowhere near the general.

The general remained secluded the 37th floor of the Waldorf Astoria hotel. The newsmen, radio and television reporters who surrounded him almost around the clock were in a second-floor space from 100 feet below.

One handsome young reporter talked his way to the elevator on the 37th floor and then he was immediately surrounded by two

## Divers Seek Bodies of Victims

Key West, Fla., April 26 — (AP) — Navy divers stood ready at dawn today to complete a gruesome task — recovering the mangled bodies of 43 persons who died in the collision of a Cuban airliner and a navy trainer plane.

Nineteen bodies were brought up yesterday out of 20 feet of water and taken to the morgues of this southernmost U. S. city. Some were so badly torn identification seemed impossible.

The four-engine transport, carrying 34 passengers and five crewmen from Miami to Havana, and the navy plane, a twin-motored Beechcraft with four aboard, collided with a noise like a bomb blast over Key West shortly before noon yesterday.

Then, in full view of hundreds of shocked sunbathers and residents of the city, the airliner powered into the ocean at a speed estimated by witnesses at 800 miles an hour. It landed a half-mile offshore, not far from President Truman's "Little White House."

The navy craft, disintegrating as it fell, crashed two miles west of the transport.

Marine Pfc. Arthur Calogero of Jersey City, N. J., saw the planes come down with engines roaring and notified authorities at the navy submarine base here. So quickly did navy craft go into action that the first body from the navy plane was recovered in 10

## Peace Talks, Like Strike, Stalled

Detroit, April 26 — (AP) — Peace talks, like the street cars and buses stalled by Detroit's six-day-old strike of 3,700 transit workers were standing still today.

Negotiations were deadlocked when city officials and representatives of striking AFL drivers and operators broke off discussions yesterday.

Leo Nowinski, general manager of the city's department of street railways, said he would try to get the parties together again today.

The union is demanding an 8 1/2-cent hourly wage boost. The city has offered five cents an hour if the union will give up certain fringe benefits.

Base pay is \$1.67 1/2 an hour. In minutes and the first from the airliner in 15 minutes.

By nightfall, 17 bodies had been recovered from the submerged wreckage of the transport and two from the navy plane. Then the transport engines were hoisted to the surface. Shreds of human flesh could be seen on them.

The fuselage, twisted up like a ball, was to be brought out with its grisly cargo this morning.

Explosive noise of the collision shocked hundreds to attention. George and Charles Farlando, operators of a Key West flying service, said the left wing tip of the transport fell off and it went into a tight spiral.

"The pilot turned on full power and managed to pull out of the spiral," George related. "But then the plane nosed over in a straight dive and hit the water with the engines wide open."

"The water spewed so high into the air we could see it over the treetops from the airport."

The Farlandos took off immediately in their plane and were the first to fly over the scene. They saw bodies and parts of bodies on the surface, but no wreckage.

Mrs. Walter A. Simson of New York, here on a honeymoon, said the whole scene was "like a crazy movie."

A naval board of inquiry, headed by Capt. R. S. Quackenbush, Jr., commander of the Boen Church naval air station, was set up in an effort to determine why the planes collided in perfect flying weather, with unlimited visibility.

Little MacArthur Sees More Baseball

New York, April 26 — (AP) — Thirteen-year-old Arthur MacArthur probably will see 1000 with every baseball-included kid in America — he's been hobnobbing in the dressing rooms of the world champion New York Yankees.

The son of the general went to Yankee stadium yesterday. Dan Topping, president of the Bronx Bombers, gave Arthur a Yankee cap and took him into the dressing room to meet the players before the Yankees-Athletics game.

The quiet, courteous Arthur lost his shy reserve for a moment after he saw an old friend, Joe DiMaggio. Arthur and Joe had met in Tokyo when DiMaggio and a group of ball players toured the Pacific military bases.

Joe gave the boy an autographed ball. Arthur's eyes sparkled. "Go, for me!" he cried. "Go, DiMaggio!"

A few days ago, young Arthur hobnobbed with the Giants.

## St. Louis May Be Better Than Expected

By JACK HAND  
Associated Press Sports Writer  
What's wrong with this picture?

Tom Poholsky pitches St. Louis Cards into first place — New York Giants sink into cellar with seventh straight loss.

This is the year the weary old Cards were supposed to fade away. Wasn't their fifth place finish of last year the tipoff. With Manager Marty Marion on the inactive list, they were sure to be left in the starting gate.

Pennant talk flooded the Giants training camp at St. Petersburg. Lou Durocher had each of his pitchers go the route in two practice games to get ready for a fast start.

But nothing is sure in baseball. Nothing Durocher does works. The hitters don't hit, the fielders don't field. Even his ace, Larry Jansen, has lost his last two starts.

There is near panic in the Polo Grounds as the Giants stare home for a series with Boston and a trip to Brooklyn before the western teams move in.

St. Louis reflects enthusiasm for the stout complete game pitcher of Poholsky, Max Lanier and Harry Brecheen who have allowed the enemy a total of two runs in the last 27 innings.

Marion was sure about Poholsky in Florida. As sure as a fresh man manager can be about a rookie. He pitched him opening day, passing over the big names on his staff. Poholsky lost the opener, but vindicated Marion's judgment last night with his two-hit 4-0 triumph at Pittsburgh.

Solly Renuis, Marion's shortstop replacement, drove home the first run and scored the second. Ken Slaughter nicked Cliff Chambers for his first homer in the sixth.

Ken Heintzelman snuffed out Giants in the pinches to pitch Philadelphia past New York, 2-1. He gave eight hits and walked six but left 12 stranded. Twice the Giants loaded the bases with only one out.

## SPORTS ROUNDUP

By Hugh Fullerton, Jr.

New York, April 26 — (AP) — Answer quick: When is football in season? . . . Well, tomorrow night there are at least two games scheduled that would rate pretty high on the schedule even in October — Syracuse vs. Holy Cross and Cincinnati vs. Dayton. . . . These aren't just extra-squad contests, which are time a dozen at this time of year, of informal scrimmages between teams. They're real contests, with about 10,000 cash customers expected and considerable publicity from the publicity departments. . . . And you should hear the moans from coaches in such conferences as the Big Ten, where "outside" competition is limited strictly to regular-season games. They'd like to have their boys get that experience. . . . Tomorrow night Texas Tech Coach DeWitt Weaver would give a lot if he could see the talent that will be on the field. Listed to attend: Texas' squad game are Sammy Beuhach, obby Layne, Mal Kutner, Glenn Davis, Wade Walker and Jack Mitchell.

The Biggie Question  
It isn't unusual for football players to find themselves in strange positions during a scrimmage. . . . And Michigan State End Coach Earle Edwards has been predicting all spring that some of the boys would invent a new play just by getting their assignments tangled on some of the many formations head Coach Biggie Munnerman. . . . So the other day a pile-up of athletes slowly unscrambled to reveal the bottom-most pair with their arms wrapped around each other in what looked like a most affectionate clinch. . . . Munnerman, admiring perfection more than affection, looked down from his observation tower and shouted: "How long have you two been going steady?"

Shorts And Shells  
Even the governor of Delaware is getting steamed up over his state's derby candidate, Repetorie, and respectfully asks newsmen to mention that the Colt represents Delaware. . . . The pictures of Joe Louis' fights which used to hang in Mike Jacobs' Runyon, N. J., in now adorn he walls of his Runyon barber shop. . . . Chicago's 10,000 of his town-one "miracle" golf clubs is planning a one-club golf tournament at a Catskill club.

Fallacy  
Although a soldier is holding an American flag in the stern of the boat in the famous painting of Washington crossing the Delaware, the flag had not been designed at that time.

## MOP Willing to Cooperate

Little Rock, April 24.—(AP)—Missouri Pacific transportation is willing to concede to the public service commission's proposal to let the company's petition for discontinuance of about 40 lines stand.

Henry Donham, general counsel for the firm, told the BSC yesterday that it could have "any and pertinent records" of the company.

A member of the commission, Charles Giddens, charged yesterday that the Mo-Pac had agreed to "provide the agency" with "withholding information from" the commission.

**PATRIOTISM IN HIS BLOOD**—Larry Field, 13, a sixth-grade student in San Francisco, has two brothers fighting with the Marines in Korea, so he wanted to do his bit by donating a pint of blood to the Red Cross. Larry is seen at the Iron Memorial blood bank being told by Red Cross worker, Mrs. Harold Messinger, that he's still too young to donate blood.

## PRESCOTT NEWS

Thursday, April 26

The choir of the Presbyterian church will meet Thursday evening at 7 o'clock for rehearsal.

The Kiwanis Club meets each Thursday evening at 6:30 for a dinner meeting.

Miss Margaret Villa  
Office of R. C. Compton

Miss Margaret Villa, Tyler, will become the bride of Robert Compton in a ceremony performed Saturday, April 7, in the Presbyterian Church, Rogers. The bride is the daughter of Dr. and Mrs. James L. Villa of Columbia, Miss. The bridegroom is the son of Rev. Alfred J. Cordell Jr., officiating.

The bride wore an ankle-length champagne lace dress with a puffed collar and bouffant skirt and carried a bouquet of bronze peonies.

Mrs. Rhell Blakely of Fayetteville, matron of honor, wore a brown organza dress and carried a bouquet of yellow roses. Mrs. Blakely was best man.

The bride attended Behaven College, Jackson, Miss., where she was president of the Freshman

Member of the surplus property board which disposed of the government's war surplus, chairman of that board, secretary of the defense, chairman of the national security resources board.

It was on April 17 that Mr. Truman said he had chosen Symington to head R.F.C. He is supposed to take the job by May 1. The senate must approve his nomination, formally submitted yesterday.

But—this doesn't end the business. The Fulbright committee hasn't dropped its investigation of what R.F.C. has done. It still is digging into White House connections with R.F.C. so there will be more on that score.

Further, it's going to check into those letters which congressmen wrote to R.F.C. to help get loans for people in whom they were interested.

Meanwhile, there's still the chance that congress may in the end abolish R.F.C. altogether. This won't be handled by Fulbright's subcommittee but rather by the senate's full banking and currency committee.

It is supposed to start hearings shortly on proposals to wipe out R.F.C. So even though congress has approved a one-man R.F.C., and even if the senate approves Symington for the job, there is still the chance that R.F.C. may be abolished. But that doesn't seem too likely at this moment.

class and a member of the Glee Club. She will be graduated in June from the University of Arkansas where she is a member of Delta Delta Delta society and Phi Gamma Nu honor fraternity.

The bridegroom is a graduate of Hendrix College, Conway, and attended University of Arkansas School of Law, where he was a member of Kappa Sigma fraternity and Delta Theta Phi honor fraternity. He is president of Blue Key honor fraternity.

Mrs. Compton formerly resided in Prescott.

## Reds Ready to Explain About MacArthur

BY HARRY FERGUSON  
UP Foreign News Editor

The Russians now are ready to explain to the world the significance of the Truman-MacArthur controversy.

The explanation: It doesn't have any significance. Mr. Truman is a war-monger. Gen. Douglas MacArthur is a war-monger. They merely stopped mongering against the "freedom loving peoples of the world" for a while and mongered it against each other. Lt. Gen. Matthew B. Ridgway, new supreme commander in Tokyo, is a war-monger. So and he now has replaced MacArthur as the architect of America's plan to conquer Korea and then all the rest of Asia.

This was a tough one for the anti-mongering experts. They couldn't criticize Mr. Truman without endorsing MacArthur and vice versa. Neither of the men advocates what Moscow wants him to advocate—withdrawal of the United Nations army from Korea and abrogation of the policy that Communist aggression will be resisted whenever it breaks out.

So they are equally guilty and the shift in command in the Far East really didn't matter much.

That's about as good as such Moscow publications as Pravda and the Literary Gazette have been able to do so far. They seem to hope that the whole matter will be dropped or at least pushed back in the minds of most people in a certain sense that wish is counting true.

In Britain, where the criticism of MacArthur's policies were more vocal, there is a more immediate controversy occupying the public mind. The left wing of the Labour party is talking revolt. There have been some resignations and there may be more. Prime Minister Clement Attlee is trying desperately from a sick-bed to reunite his followers because he realizes that a general election right now probably would bring Winston Churchill and the conservatives back into power.

The roar of the big guns in Korea as the Chinese Communist push a spring offensive is the sound most of Asia is listening to—not to the statements and counter-statements being made in the Truman-MacArthur controversy. Ridgway and yesterday that this may be the decisive battle of the Korean war and if that is so the fate of Asia for the next 50 years is bound up in it. If Korea falls to the Reds, a half-dozen other Asiatic nations will go down like ripe wheat before the Moscow sickle.

Most of Western Europe is preoccupied with another general election, who is raising and equipping the army that will defend the continent if the Red Army marches. Delegates to the United Nations are watching with great interest as the MacArthur drama unfolds but they are not active participants. They took the position from the star that it was an internal matter for the United States to settle.

**A Calculating Kid—Skeeter!**

Folks paying us friendly calls lately have been asking why the lights are on in the *Clarion's* office so late every night.

It was mystifying me, too, but yesterday young Skeeter Roberts, who helps out after school, owned up that he's been the culprit.

"I've been using Miss Clark's calculating machine to double-check my math homework," explained Skeeter. "And I've been getting straight A's since." Well, that not only cleared up our little mystery, but also shows me that Skeeter is a lad who's going places.

From where I sit, you stay at the top of the class in school or in business when you take extra precautions; like the Self-Regulation Program sponsored by the Brewing Industry. Under this voluntary program, retailers selling beer co-operate by keeping their places of business clean, bright, and orderly. They check and double-check—working hard for straight "A's" from the public and public officials alike.

**Suggests the President Run Again**

Washington, April 25 — (AP) — Bitter political fighting between Democrats and Republicans has prompted a proposal that President Truman run again, with his Asia policies as a major issue.

AKT the same time, Maj. Gen. Courtney Whitney, adviser to Gen. Douglas MacArthur, suggested that a New York group booming the deposed Pacific commander for the GOP presidential nomination "Go home." The general has said he does not intend to seek political office.

Gov. W. Kerr Scott of North Carolina was the author of the proposal for a new term for President Truman.

Scott told reporters yesterday THTT "when the men Ezer thing settles down, Truman is going to be stronger than ever."

Republicans wouldn't agree. They scheduled a senate party policy committee meeting to line up for fresh attacks on President Truman's plan for limiting the Korean war to that peninsula. Generally they showed themselves as supporters of MacArthur's suggestions for broadening the fight against the Chinese Communists.

The feud over this issue, which reached a physical pushing and shoving stage last week, showed signs of intensifying.

Democrats tried to hang a "war party" label on their opponents. They ran into Republican charges that the Truman administration plan will leave American soldiers

**Texan Gets PM Job at Texarkana**

Washington, April 25 — (AP) — Arthur L. Jennings, a Texan, has been approved as President Truman's nominee for postmaster of the city that sits squarely on the Texas-Arkansas state line — Texarkana.

Alexander the Great collected naphtha and pitch in Iran and used it in blazing projectiles to scatter enemy war-elephants when he reached India.

stalemated in Korea "like sitting ducks, getting killed."

The words were those of Senator Capehart (R-Ind.), one of the pushers in last week's scuffle with Senators ehaman (D-Lib-NY) and Humphrey (D-Minn.).

Lehman and Senator Mewmahon (D-Conn) accused the Republicans of trying to rush this country toward World War III.

Senator Welker (R-Idaho) shouted that the Democrats "better start reading the mail." Lehman said the mail doesn't influence him, despite its preponderant support of MacArthur's position.

McMahon announced he is ready to take on Senator Taft of Ohio, the chairman of the GOP policy committee, and Senator McCarthy (R-Wis.), a state department critic, any time they want to go a verbal round with him.

Several Republicans were angry about what they said were efforts to "smear" MacArthur.

Senator Mundt (R-S.D.) said the White House is lending its aid to a "smear campaign." Welker said MacArthur had been "maligned, embarrassed, slandered and ridiculed by the hatchet men of the Democratic party."

McMahon retorted that neither MacArthur nor President Truman should be slandered.

**No Doctors Have Been Drafted Yet**

By JAMES MARLOW

Washington, April 25 — (AP) — Up to this time no doctors have been drafted for military service. It hasn't been necessary. Enough have volunteered to fill the need for medical men.

Now more are needed. And selective service says that if enough doctors don't volunteer, it will have to draft some in July, August, and September. It's ready to draft up to 1,202.

Doctors who volunteer will be commissioned as officers. But, selective service says, those who wait till they're drafted will go in as buck privates.

But selective service says it isn't shooting at doctors in general. It is aiming only at a special group, called priority one. In fact, no doctors may be drafted until those available in priority ones are called.

Doctors in that group are those who received medical education at government expense or were drafted from service during World War I to attend medical school and who have served less than 90 days in the armed forces.

Under the law will doctors up to 50 have had to register and, under the law, any one of them under 50 could be drafted. But congress asked the President to see to it that none would be drafted before those in priority one.

It can be seen that most of those in priority one are young or comparatively young doctors.

This is a brief explanation. During the war the government set up an army specialize training program (AST) and a similar program for the navy, called V-12.

Under that program the government would pay the expenses of youths studying to be doctors, dentists, scientists, and so on.

Under that program, also, besides receiving government pay, they were to be exempt from the draft until they were graduated.

But once they were graduated, it was understood, they'd stop paying back their debt to the government by joining the army or navy.

Those who finished before the war's end did just that although some didn't see much service before the shooting stopped.

The AST and V-12 programs ended in the fall of 1945 when, with the war over, there wasn't such great need for doctors in tharmy and navy.

This meant that many youths, with part of their schooling already paid for by the government, were free to finish at their own expense.

And, when they did finish, they were free to go into private practice. Some joined the armed forces. Some went into military reserve units. Some just went into private practice.

After the Korean outbreak, the armed forces made a bid to get some of those young doctors, who had had some schooling at government expense, to pay up their debt by joining up.

The bid got a cool response from the young doctors, although the American Medical Association urged them to sign up.

So congress passed a law giving the President power to call any doctor up to 50. But congress asked him to do the drafting in this priority order:

1. Those who had AST or V-12 and put in less than 90 days' military service or none at all. (This No. 1 group also includes those who paid for their own medical training but were deferred from World War II draft because they were studying medicine.)

2. Those who had AST or V-12 training and put in more than 90 days' service but less than 21 months of it. (It also includes those in parentheses under No. 1.)

And there were a couple of other groups after those: Doctors who didn't take any part in the AST or V-12 programs but had no military service; those who did have military service of more than 21 months' and so on.

Selective service, since the Korean war, has put out only one call for the draft of doctors. That was last fall. But I go enough volunteers and no doctor had to be drafted.

**Casualties Placed at 61,744**

Washington, April 25 — (AP) — Announced U.S. combat casualties in Korea rose to 61,744 today, an increase of 989 since last week.

The cumulative total of casualty notifications through April 20 included 9,380 killed, 41,428 wounded and 10,936 missing.

Of the wounded, 1,087 subsequently died and 100 of those reported missing are known dead, making total combat deaths in Korea 10,587.

The missing figures also included 159 who have returned to U.S. military control and 113 known prisoners of war, leaving 9,564 currently listed as missing in action.

Dear Papa,

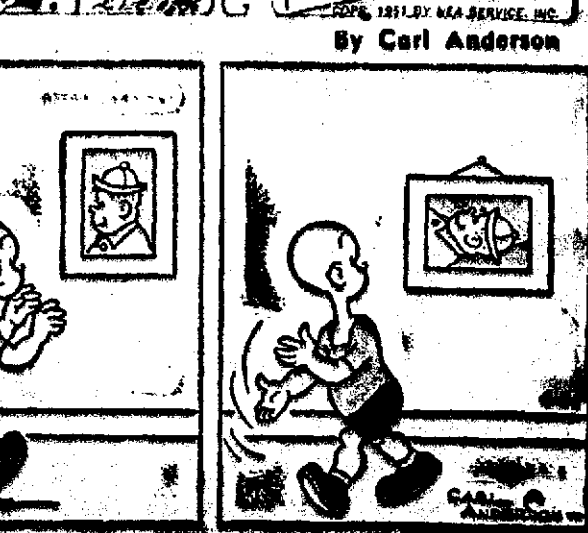

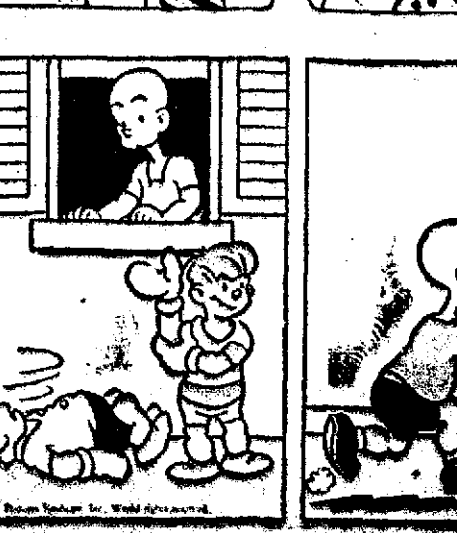

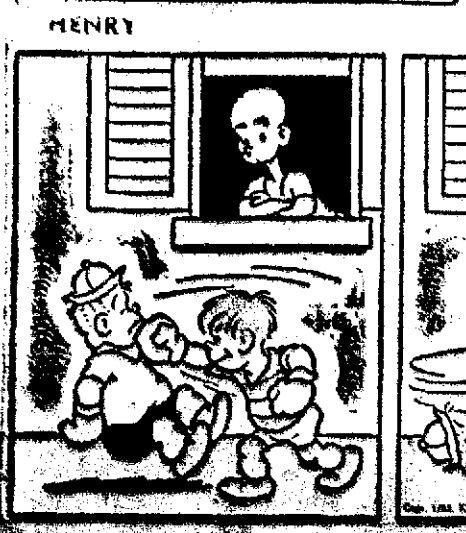

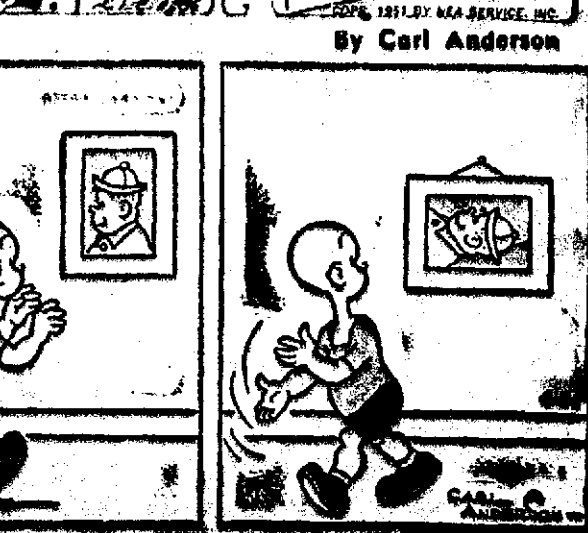

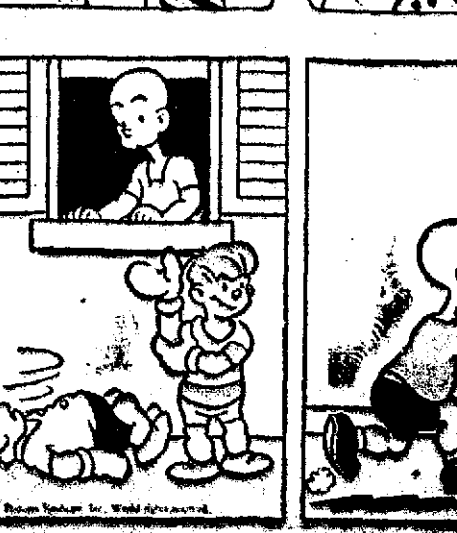

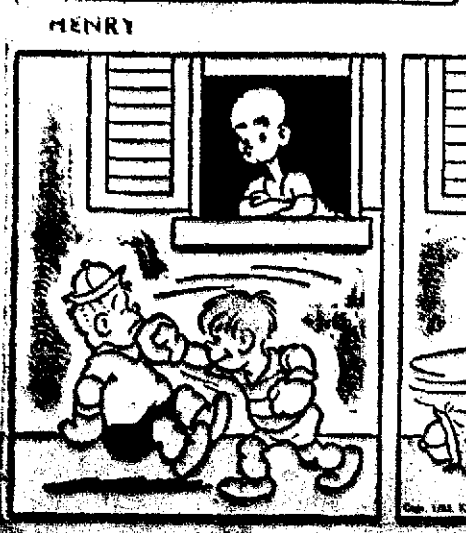

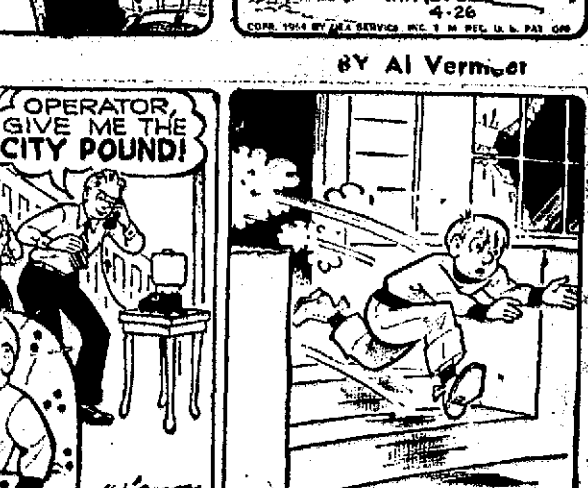

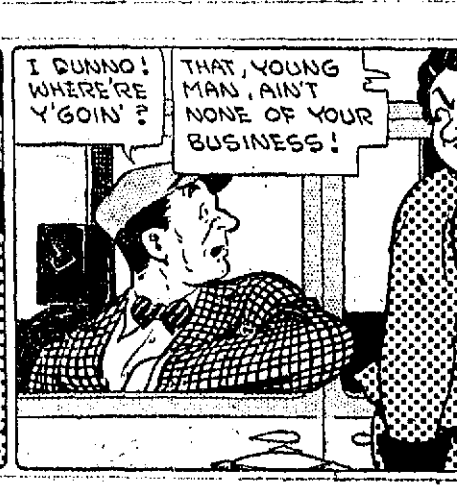

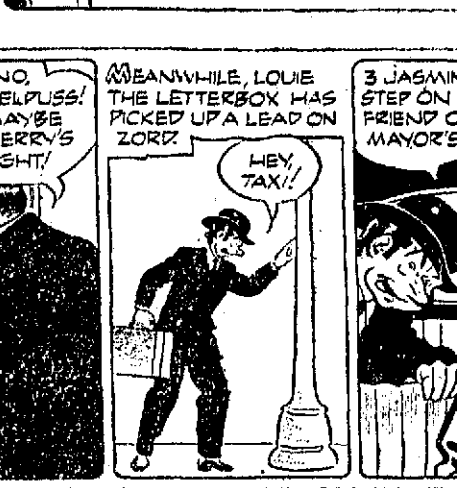

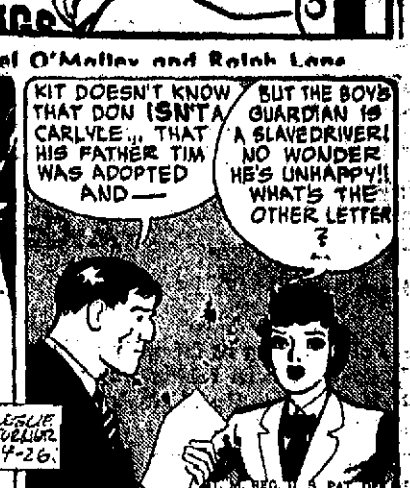

The pace of these American circuses is terrific. No time for the fitness we have in Europe. And they say we must still cut 20 minutes in performance time before heading for the hinterland!

Am disturbed by Don's growing indifference to his work! The boy is progressing... but trying to balk over 8 hours of practice daily! He hasn't the interest expected of a Gaiety. Reminds me more of his father each day... remember how him used to - eh!.. too?

Circus children over here lack the discipline we demand... maybe I should keep him away from them.

Hurriedly,

*Kit*

Wage Hike to Rail Workers Approved

Washington, April 25 — (AP)—Economic Stabilizer Eric Johnston today approved a six-cent-an-hour increase for 1,000,000 railroad workers even though it placed the government's 10 per cent ceiling on pay boosts.

Johnston said he agreed with a three-man panel which investigated the case, that special consideration had to be given to the rail workers.

He said that under the railway labor act, it takes longer for them to win new contract objectives.

The six cents was due under a "cost of living clause" in a contract the railroad workers signed March 1.

That contract, negotiated at the White House, gave them an increase of 12 1/2 cents on March 1.

The six cents additional figured to be about three and one-half cents more than was automatically allowable under the government's wage stabilization plan.

The railroad workers affected are the so-called "non-operating" workers—clerks, mechanics and others who do not operate trains.

Johnston, in breaking through the ceiling formula for the first time, said similar increases also could be allowed for certain workers not directly involved in this case—like employees of the Pullman Co. and Railway Express Co., plus salaried and other non-union railroad employees.

Starving Desperado Gives Himself Up

Jenney Springs, N. M., April 25 — (AP)—A weary, starving desperado walked out of the hills at 1 a.m. MST today and gave himself up for two shootings.

Sheriff Emiliano Montoya identified the man as Homer Gossett, 34, of Kansas City, Mo. Officers said Gossett is an escapee from the Tennessee State Prison at Memphis, where he was sentenced for armed robbery.

The sheriff said he readily admitted shooting George Mullenix, 29, San Bernardino, Calif., in Albuquerque Sunday and George F. Barker, retired Rochester, N. Y., business man in a raid for food here Monday on Villa Mañor Cretti convent.

From the top of a northern New Mexico mesa he watched yesterday as posses closed in. About midnight he decided to give up.

The surrender was to Dr. R. C. Obafier at Cuba, 30 miles northwest of here through rugged northern New Mexico mountains.

He was almost starved—hadn't eaten for four days, said the doctor.

TWO HOSPITAL BIDS

Little Rock, April 25 — (AP)—Contractors' bids for construction of the new \$5,500,000 St. Vincent's infirmary here will be opened June 19. The nine-story building will be located adjacent to War Memorial park in the west end of Little Rock.

KILLER'S PACE

THE STORY: I (Jim Marshall) am trying to solve a murder case in order to save my boss Steve Williams from disbarment as a lawyer. After double attempt on my life, I reach my apartment and find Sonya Sarecta, the lady neighbor, there. Then Clara Mayhew, receptionist for a hotel, calls and tells me that Sonya Sarecta, a mortician, appears.

XXIV

CLARA MAYHEW and Sonya Sarecta rejoined us quietly. "I think we'd better go," said Miss Mayhew. "Sonya is coming home with me."

I regarded Sonya with speculation. "You two girls should get along well," I remarked. "Miss Mayhew is something of a reformer herself. Have her tell about her bathing beauty act in the glass tank at the Prater office."

"I shall," said Sonya.

"By the way, Miss Mayhew, I certainly admired that yellow bathing suit of yours. I'd like to buy one just like it for a maiden aunt of mine. Mind telling me where you bought it?"

"Polsky's. You should have seen the outfit that Mrs. Wertheim bought for the act! Brother! I don't know where she dug it up! Hugo—Mr. Wertheim had a heck of a time explaining to her that it wasn't the thing. He's the most hen-pecked character I ever saw. In the end he had to tell his wife that Mr. Prater picked out the green one."

"But it was yellow, Miss Mayhew."

"That's what I said, yellow. Well, night-night everybody!"

Smiley was looking on very inquisitively.

"Well, for crying out loud, kiss Sonya goodnight!" said Smiley.

I was between that devil and the deep V. I kissed her, and I knew at once that I'd have been better off if I hadn't ducked and had

Seek Negro Wounded at Liquor Still

Little Rock, April 24 — (AP)—Arkansas State Police were checking hospitals at Little Rock and Pine Bluff today in an effort to find a Negro man wounded at a whiskey still near Sheridan.

State Police Sgt. 4 Floyd Short said the Negro had been identified by a companion at the still as Theodore Reed of Pine Bluff.

The companion Samuel Hill, was captured.

Grand County Sheriff W. N. Hall said he watched the two Negroes make whiskey and shot one who advanced and fired a .22 rifle over his head.

Hall called in state police. They tracked Hill to a house and captured him.

Bloodhounds tracked the wounded man about five miles and then lost the scent.

Control Key Changes Are Studied

Washington, April 25 — (AP)—President Truman called in a group of economic mobilization team members for a conference on what changes are needed in the economic control law.

He is expected to send congress soon a message asking extension and revision of the defense production act which expires in June. The economic controls are authorized by that act.

Nearly one fourth of the American economy was brought under a single sweeping price order yesterday which the government said will roll back "the general level of manufacturers' prices."

However, some officials working with the stabilization program contend more authority is needed to hold down prices of food and farm products.

Natural gas is being sold at wells in at least 20 states.
